## One of a Kind Panther Pride Projects

**Hand Crafted. Unique. Priceless.** All of these words describe the projects created by our students for the Panther Pride Auction and Benefit. What a wonderful way for students to showcase their talents while supporting their school! Here is a sneak peak at what your children have been creating to help raise money for their school. We'd like to thank all of the classroom representatives who helped make the classroom projects a reality. They came up with project ideas, determined materials needed, worked with teachers to create the projects, spent time in the classroom with our students and packaged the projects for the auction. Without their commitment, creativity and determination, the projects would not have been possible.
